Examiner's Statement of Reasons for Allowance

1. Claims 1-22 are allowed.

2. The following is an examiner's statement of reasons for allowance:

The prior art made of record fails to anticipate or make obvious the claimed invention. Specifically, the prior art fails to teach, in combination with the remaining elements as recited in claim 1:

The present invention is directed to a variable directivity antenna.

Regarding claim 1, Prior Art does not teach the variable directivity antenna which include two antenna element each exhibiting a 8 shaped directivity pattern, variable phase means being adapted to selectively assume a first state in which said variable phase means couples said received signal from said one antenna element to said combining means without changing the phase of said signal, and a second state in which said variable phase means inverts the phase of said received signal from said one antenna element before coupling to said combining means.

Claims 2-22 are allowed for depending on claim 1.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
